MASCO CITRIS CLEAN | SOLVENT, CLEANER, DEGREASER

DESCRIPTION

MASCO CITRIS CLEAN concentrate is a cost effective, natural citrus solvent, cleaner and degreaser. CITRIS CLEAN is an innovative solution for the toughest industrial applications. CITRIS CLEAN will effectively remove grease, grime and other contaminants from architectural concrete and other surfaces. CITRIS CLEAN can be used safely and effectively in a wide range of applications, eliminating the need to stock multiple cleaners. CITRIS CLEAN is V.O.C. compliant with a pleasant citrus odor.

BENEFITS

- Management: Less risk of EPA or OSHA fines, less chance of employee related lawsuits. Not regulated by Clean Air Act.
- Workers: Pleasant orange scent, V.O.C. compliant and non-carcinogenic.
- Environment: Made from recycled orange peels, 100% biodegradable.

USES

An excellent cleaner for equipment, floors, and metal parts. It removes black rubber tire marks, stains, oils, grease, and other contaminants from concrete surfaces in warehouses, industrial plants, factories, and parking garages. Its light, pleasant orange scent is a welcome alternative to the overwhelming, unsafe odors from harsh solvent cleaners.

APPLICATION

Scrape off excess accumulations of grease, grime and contaminants. Apply CITRIS CLEAN to the floor or stain either as a concentrate or at the recommended dilution rate. Spread uniformly over the surface and allow product to penetrate for approximately 5 minutes. CITRIS CLEAN'S unique blend of emulsifiers and wetting agents allow maximum penetration for effective cleaning. Scrub area with a stiff bristle broom or a power floor scrubber. Thoroughly rinse the entire area with clean water. Stubborn stains may require additional treatments. Stripping acrylic curing/sealing compounds will require heavier applications and may require additional treatments to completely remove.

COVERAGE

Concentrated CITRIS CLEAN is ready to use on tough jobs or follow the recommended dilution table. Field test to determine the optimal concentration for the specific application. The product will turn white when diluted with water.

Heavy stains, tire marks, cures:

No dilution

General industrial dirt/grime:

1 part concentrate to 4 parts water

Common cleaning, industrial/institutional:

1 part concentrate to 5 parts water

Warehouse floor, general cleaning:

1 part concentrate to 5 parts water

LIMITATIONS

Conduct tests prior to application on various painted surfaces. CITRIS CLEAN concentrate may soften, discolor and/or remove some paints. Do not use on resilient tile, rubber, or asphalt. CITRIS CLEAN is highly concentrated, personal protective equipment should be worn.

COVERAGE

100 - 150 sq. ft. / gal. approx

COMPLIANCES

Federal EPA VOC

PHYSICAL PROPERTIES

Finished Appearance: N/A

Color: Pale Yellow in Container

Flash Point: 115°F

CAUTION

Use protective gloves and goggles. Do not use near fire, flame, spark, or ignition source. Harmful if swallowed. For use by trained personal only.

PACKAGING

1 gallon and 5 gallon containers.

Storage: 50°F to 85°F

Protect from Freezing.

Shelf Life: 1 year unopened, in protected storage.

Freight Class: Class 55

DOT Hazard Class: Combustible Liquid, NA 1993

Packing Group: III

Shipping Name: Combustible Liquid, n.o.s.

FIRST AID

Inhalation: Remove victim from exposure. If victim has difficulty breathing, administer oxygen. If breathing has stopped, administer artificial respiration. Seek medical attention.

Eyes: Flush eyes with water, lifting upper and lower lids occasionally for 15 minutes. Seek medical attention.

Skin: Wash thoroughly with soap and water for at least 15 minutes. Remove contaminated clothing and shoes. Obtain medical attention. Wash clothing before reuse. Thoroughly clean shoes before re-use. If irritation occurs, seek medical attention.

Ingestion: Give large amounts of water to drink. Never give anything by mouth to an unconscious person. Obtain medical attention.

TECHNICAL SERVICE
